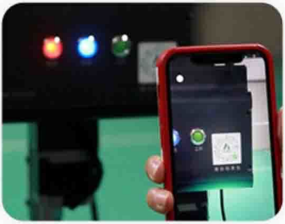
ADIBO A260 Badminton Serving Machinet

6 Reasons to Choose The A260 Badminton Serving Machine



Easy and convenient to use

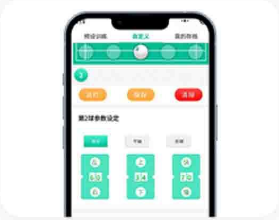
Just scan the QR code on the APP to use it.
It has dozens of built-in tee shots and
various random tee shots,
allowing you to serve with just one click.

Extremely fast speed change, full coverage

Using AI intelligent speed-changing algorithm, the intensity of the serve can be adjusted at each landing point, and the landing point can accurately cover the entire court.

Self-programmed tee shot path

Golfers can set their own teeing path according to their own level, save and share it with friends, and adjust each landing point to control the details.



infinite fine-tuning

Each landing point can be adjusted up and down, left and right, to meet the training needs of any landing point and any serving trajectory on different ball paths.

A280 is not only suitable for personal training,
but also can be used in badminton clubs, schools and other places

Personal Training

Badminton Club

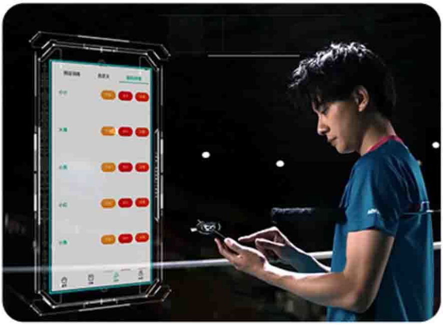
Intelligent Badminton Serving Machine

What can you do for training institutions?

01

Set Up Teaching Plans To Improve Teaching Efficiency

Coaches can set the teaching and training plan in advance and call it directly during teaching, which is convenient and fast.



02

Focus On Guidance And Return To The Essence Of Teaching

The coach does not need to feed the ball and can focus on observing and guiding the students' movements.

03

Assisted Teaching To Improve Efficiency

While the coach is instructing one student, other students can continue practicing to improve teaching efficiency.
